[1] The German Centre for Higher Education Research and Science Studies (DZHW, http://www.dzhw.eu/en) was created in August 2013 through a spin-off from HIS Hochschul-Informations-System GmbH.

[2] A field time accurate to the day cannot be reconstructed.

[3] The long field time is due to the fact that the second wave consisted of two partial surveys (see Data and Methods Report, Chapter 3). It should also be pointed out that the given field time is only an approximate indication, since the exact field time cannot be reconstructed.
