Overview of the DZHW Graduate Panel 2013

Survey SeriesDZHW Graduate Panel Survey SeriesCohortGraduate Cohort 2013 (7th cohort in the Graduate Panel Survey Series)Surveying InstitutionGerman Centre for Higher Education Research and Science Studies (DZHW)FundingFederal Ministry of Education and Research (BMBF)Project ContributorsKolja Briedis, Gregor Fabian, Gesche Landers, Susanne Redeke, Thorsten Rehn, Julika Schulz, Fabian TrenntThemesCourse of studies Career development Further qualificationSurvey DesignCohort Panel DesignPopulationThe population of the DZHW Graduate Panel 2013 consists of all graduates who obtained a first higher education degree qualifying for employment or a Master's degree at a state-recognised higher education institution (HEI) in Germany in the examination year 2013 (winter semester 2012/2013 and summer semester 2013). This includes all Bachelor's, Master's, State Examination and artistic degrees. Excluded from the population are persons who have completed their studies with a Diplom or Magister degree. Exceptions exist for certain courses of study in individual federal states which continue to conclude with a Diplom degree. In addition to Diplom and Magister graduates, the population also excludes those persons who obtained their degree at one of the HEIs of the Bundeswehr (German Federal Armed Forces), at Universities of Cooperative Education (Berufsakademien) and at specific HEIs exclusively for professionals. Also excluded are graduates of dual and part-time study courses as well as correspondence courses and online study courses.Sampling ProcedureProbability Sample: Stratified Cluster SampleField Period1st wave: Mar 1, 2014 - Mar 31, 2015Net Sample Size1st wave: in

Further Information	https://fdz.dzhw.eu https://www.dzhw.eu/forschung/projekt?pr_id=304
Annotations	As a large number of higher education institutions from North Rhine- Westphalia and Baden-Württemberg decided not to take part in the survey, respondents from these federal states were for the most part not able to be interviewed by the DZHW and are therefore not part of the sample (for details see Data and Methods Report, Chapter 3).
