## 1.7 astu011e\_g1o (1st course of study: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu011e\_g2d, astu011e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(first main subject)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu011e\_g1o, astu011e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

| Value                  | Label  | Frequency | Percentage (valid) | Percentage |
|------------------------|--|-----------|--------------------|------------|
| <b>Valid responses</b> |  |           |                    |            |
| 1                      | Linguistics and cultural sciences, generally                   | 56        | 0.55               | 0.55       |

## 1.11 astu011g\_g1o (1st course of study: 1st minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu011g\_g2d, astu011g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

## 1.12 astu011g\_g2d (1st course of study: area of study (1st minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu011g\_g1o, astu011g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.15 astu011i\_g1o (1st course of study: 2nd minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu011i\_g2d, astu011i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

## 1.16 astu011i\_g2d (1st course of study: area of study (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu011i\_g1o, astu011i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.19 astu011k\_g1a (1st course of study: university)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu011k\_g2, astu011k\_g3o, astu011k\_g4r, astu011k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Name and location of university

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu011k\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu011k_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1$)

## 1.20 astu011k\_g2 (1st course of study: type of university)

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu011k_g1a, astu011k_g3o, astu011k_g4r, astu011k_g5   |

### Question<sup>2</sup>

|                  |  |
|------------------|--|
| Question number: | Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1      |

## 1.21 astu011k\_g3o (1st course of study: location of university (NUTS-2))

### Properties<sup>1</sup>

|                     |  |
|---------------------|--|
| Data type:          | string   |
| Scale level:        | nominal  |
| Access ways:        | onsite-suf   |
| Generation details: | This variable was generated for the purposes of anonymisation from the university variable. The universities were assigned according to the university location to a NUTS-2-Region using the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 (cf. cl-eurostat-nuts-2010). |
| Derived variables:  | astu011k_g1a, astu011k_g2, astu011k_g4r, astu011k_g5   |

### Question<sup>2</sup>

## 1.22 astu011k\_g4r (1st course of study: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu011k\_g1a, astu011k\_g2, astu011k\_g3o, astu011k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

| Value                  | Label                      | Frequency     | Percentage (valid) | Percentage |

## 1.28 astu012e\_g1o (2nd course of study: major)

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | onsite-suf  |
| Generation details: | This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112). |
| Derived variables:  | astu012e_g2d, astu012e_g3   |

### Question<sup>2</sup>

|                  |   |

## 1.29 astu012e\_g2d (2nd course of study: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu012e\_g1o, astu012e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### 1.32 astu012g\_g1o (2nd course of study: 1st minor)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu012g\_g2d, astu012g\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

#### Frequencies

### 1.33 astu012g\_g2d (2nd course of study: area of study (1st minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu012g\_g1o, astu012g\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

### 1.35 astu012h\_g1 (2nd course of study: degree aimed for (1st minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

#### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |

### 1.36 astu012i\_g1o (2nd course of study: 2nd minor)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu012i\_g2d, astu012i\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

#### Frequencies

### 1.37 astu012i\_g2d (2nd course of study: area of study (2nd minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu012i\_g1o, astu012i\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

### 1.39 astu012j\_g1 (2nd course of study: degree aimed for (2nd minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

#### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |
|------------------------|---|---------------|--------------------|-------------|

## 1.40 astu012k\_g1a (2nd course of study: university)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu012k\_g2, astu012k\_g3o, astu012k\_g4r, astu012k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Name and location of university

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu012k\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu012k_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1$)

## 1.41 astu012k\_g2 (2nd course of study: type of university)

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu012k_g1a, astu012k_g3o, astu012k_g4r, astu012k_g5   |

### Question<sup>2</sup>

**Table 39** Variable values astu012k\_g3o

### 1.43 astu012k\_g4r (2nd course of study: location of university (federal state))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu012k\_g1a, astu012k\_g2, astu012k\_g3o, astu012k\_g5

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

#### Frequencies

## 1.44 astu012k\_g5 (2nd course of study: location of university (new or old federal states))

### Properties<sup>1</sup>

Data type: numeric  
 Scale level: nominal  
 Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf  
 Generation details: This variable was generated for the purposes of anonymisation by aggregation of the variable on federal state of the university. For details cf. the generation rule.  
 Derived variables: astu012k\_g1a, astu012k\_g2, astu012k\_g3o, astu012k\_g4r

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1  
 Question text: Please record the progress of your studies in the following tableau.

### Frequencies

## 1.49 astu013e\_g1o (3rd course of study: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu013e\_g2d, astu013e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(first main subject)

## 1.50 astu013e\_g2d (3rd course of study: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu013e\_g1o, astu013e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.52 astu013f\_g1 (3rd course of study: degree aimed for (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |

### 1.53 astu013g\_g1o (3rd course of study: 1st minor)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu013g\_g2d, astu013g\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

#### Frequencies

## 1.54 astu013g\_g2d (3rd course of study: area of study (1st minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu013g\_g1o, astu013g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.57 astu013i\_g1o (3rd course of study: 2nd minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu013i\_g2d, astu013i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

## 1.58 astu013i\_g2d (3rd course of study: area of study (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu013i\_g1o, astu013i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

Descriptive statistics: Number of unique observations: 26; Modus (*h*): 5

### 1.59 astu013i\_g3 (3rd course of study: subject group (2nd minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu013i\_g1o, astu013i\_g2d

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.60 astu013j\_g1 (3rd course of study: degree aimed for (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |

**1.61 astu013k\_g1a (3rd course of study: university)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu013k\_g2, astu013k\_g3o, astu013k\_g4r, astu013k\_g5

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Name and location of university

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu013k\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu013k_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1$)

## 1.62 astu013k\_g2 (3rd course of study: type of university)

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu013k_g1a, astu013k_g3o, astu013k_g4r, astu013k_g5   |

### Question<sup>2</sup>

### 1.63 astu013k\_g3o (3rd course of study: location of university (NUTS-2))

#### Properties<sup>1</sup>

|                     |  |
|---------------------|--|
| Data type:          | string   |
| Scale level:        | nominal  |
| Access ways:        | onsite-suf   |
| Generation details: | This variable was generated for the purposes of anonymisation from the university variable. The universities were assigned according to the university location to a NUTS-2-Region using the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 (cf. cl-eurostat-nuts-2010). |
| Derived variables:  | astu013k_g1a, astu013k_g2, astu013k_g4r, astu013k_g5   |

#### Question<sup>2</sup>

**Table 59** Variable values astu013k\_g3o

## 1.64 astu013k\_g4r (3rd course of study: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu013k\_g1a, astu013k\_g2, astu013k\_g3o, astu013k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.70 astu014e\_g1o (4th course of study: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu014e\_g2d, astu014e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(first main subject)

## 1.71 astu014e\_g2d (4th course of study: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu014e\_g1o, astu014e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### 1.73 astu014f\_g1 (4th course of study: degree aimed for (major))

#### Properties<sup>1</sup>

Data type: numeric  
 Scale level: nominal  
 Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf  
 Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1  
 Question text: Please record the progress of your studies in the following tableau.  
 Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

## 1.74 astu014g\_g1o (4th course of study: 1st minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu014g\_g2d, astu014g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

## 1.75 astu014g\_g2d (4th course of study: area of study (1st minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu014g\_g1o, astu014g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.76 astu014g\_g3 (4th course of study: subject group (1st minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu014g\_g1o, astu014g\_g2d

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

## 1.78 astu014i\_g1o (4th course of study: 2nd minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu014i\_g2d, astu014i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

## 1.79 astu014i\_g2d (4th course of study: area of study (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu014i\_g1o, astu014i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.80 astu014i\_g3 (4th course of study: subject group (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu014i\_g1o, astu014i\_g2d

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.81 astu014j\_g1 (4th course of study: degree aimed for (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

**1.82 astu014k\_g1a (4th course of study: university)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu014k\_g2, astu014k\_g3o, astu014k\_g4r, astu014k\_g5

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Name and location of university

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#/en/variables/var-gra2005-ds1-astu014k\\_g1a\\$](https://metadata.fdz.dzhw.eu/#/en/variables/var-gra2005-ds1-astu014k_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#/en/questions/que-gra2005-ins1-1.1\\$](https://metadata.fdz.dzhw.eu/#/en/questions/que-gra2005-ins1-1.1$)

### 1.83 astu014k\_g2 (4th course of study: type of university)

#### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu014k_g1a, astu014k_g3o, astu014k_g4r, astu014k_g5   |

#### Question<sup>2</sup>

|                  |  |

**Table 79** Variable values astu014k\_g3o

## 1.85 astu014k\_g4r (4th course of study: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu014k\_g1a, astu014k\_g2, astu014k\_g3o, astu014k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

## 1.91 astu015e\_g1o (5th course of study: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu015e\_g2d, astu015e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(first main subject)

## 1.92 astu015e\_g2d (5th course of study: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu015e\_g1o, astu015e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.94 astu015f\_g1 (5th course of study: degree aimed for (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Desired degree (e.g. graduate diploma - university of applied sciences, Bachelor, teacher training/ secondary school)

### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |
|------------------------|---|---------------|--------------------|-------------|
| <b>Valid responses</b> |   |               |                    |             |
| 1                      | Diploma FH (Technical college)                      | 2             | 4.08               | 0.02        |

## 1.95 astu015g\_g1o (5th course of study: 1st minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu015g\_g2d, astu015g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

### Frequencies

## 1.96 astu015g\_g2d (5th course of study: area of study (1st minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu015g\_g1o, astu015g\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu015i\_g2d, astu015i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Course of study  
(if applicable 2nd main or minor subjects)

### Frequencies

| Value                  | Label   | Frequency     | Percentage (valid) | Percentage  |

## 1.100 astu015i\_g2d (5th course of study: area of study (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu015i\_g1o, astu015i\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

### Frequencies

**1.103 astu015k\_g1a (5th course of study: university)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu015k\_g2, astu015k\_g3o, astu015k\_g4r, astu015k\_g5

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.  
Name and location of university

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu015k\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu015k_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.1$)

## 1.104 astu015k\_g2 (5th course of study: type of university)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:

universities

colleges of education

theological colleges/seminaries

art colleges

universities of applied sciences (not incl. technical universities of administration)

technical universities of administration

These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.

For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.

Derived variables: astu015k\_g1a, astu015k\_g3o, astu015k\_g4r, astu015k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

**Table 99** Variable values astu015k\_g3o

## 1.106 astu015k\_g4r (5th course of study: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu015k\_g1a, astu015k\_g2, astu015k\_g3o, astu015k\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.1

Question text: Please record the progress of your studies in the following tableau.

## 1.110 astu021c\_g1o (1st degree: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu021c\_g2d, astu021c\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### 1.111 astu021c\_g2d (1st degree: area of study (major))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu021c\_g1o, astu021c\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### 1.113 astu021d\_g1o (1st degree: 1st minor)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu021d\_g2d, astu021d\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

First degree

## 1.116 astu021e\_g1o (1st degree: 2nd minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu021e\_g2d, astu021e\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

First degree

## 1.118 astu021e\_g3 (1st degree: subject group (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu021e\_g1o, astu021e\_g2d

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

## 1.119 astu021f\_g1 (1st degree: type of degree)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Degree

First Degree

**1.120 astu021g\_g1a (1st degree: university)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu021g\_g2, astu021g\_g3o, astu021g\_g4r, astu021g\_g5

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Name and Location of University

First Degree

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu021g\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu021g_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.2\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.2$)

## 1.121 astu021g\_g2 (1st degree: type of university)

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu021g_g1a, astu021g_g3o, astu021g_g4r, astu021g_g5   |

### Question<sup>2</sup>

### 1.123 astu021g\_g4r (1st degree: location of university (federal state))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu021g\_g1a, astu021g\_g2, astu021g\_g3o, astu021g\_g5

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

#### Frequencies

## 1.127 astu022c\_g1o (2nd degree: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu022c\_g2d, astu022c\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

2nd Degree

### Frequencies

| Value                  | Label  | Frequency | Percentage (valid) | Percentage |

## 1.128 astu022c\_g2d (2nd degree: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu022c\_g1o, astu022c\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

### 1.129 astu022c\_g3 (2nd degree: subject group (major))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu022c\_g1o, astu022c\_g2d

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

#### Frequencies

| Value                  | Label  | Frequency     | Percentage (valid) | Percentage  |

### 1.131 astu022d\_g2d (2nd degree: area of study (1st minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu022d\_g1o, astu022d\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

#### Frequencies

### 1.133 astu022e\_g1o (2nd degree: 2nd minor)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu022e\_g2d, astu022e\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

### 1.135 astu022e\_g3 (2nd degree: subject group (2nd minor))

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu022e\_g1o, astu022e\_g2d

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

#### Frequencies

| Value                  | Label                               | Frequency     | Percentage (valid) | Percentage  |

### 1.137 astu022g\_g1a (2nd degree: university)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu022g\_g2, astu022g\_g3o, astu022g\_g4r, astu022g\_g5

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Name and Location of University

2nd degree

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu022g\\_g1a\\$](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu022g_g1a$)

<sup>2</sup> More detailed information on the question can be found at [https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.2\\$](https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.2$)

### 1.138 astu022g\_g2 (2nd degree: type of university)

#### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | download-cuf, download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | <p>This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:</p> <ul style="list-style-type: none"> <li>universities</li> <li>colleges of education</li> <li>theological colleges/seminaries</li> <li>art colleges</li> <li>universities of applied sciences (not incl. technical universities of administration)</li> <li>technical universities of administration</li> </ul> <p>These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.</p> <p>For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.</p> |
| Derived variables:  | astu022g_g1a, astu022g_g3o, astu022g_g4r, astu022g_g5   |

#### Question<sup>2</sup>

|                  |   |
|------------------|---|
| Question number: | Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2 |

**Table 131** Variable values astu022g\_g3o

## 1.140 astu022g\_g4r (2nd degree: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu022g\_g1a, astu022g\_g2, astu022g\_g3o, astu022g\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

## 1.144 astu023c\_g1o (3rd degree: major)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu023c\_g2d, astu023c\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

3rd Degree

Descriptive statistics: Number of unique observations: 16; Modus ( $h$ ): 126

## 1.145 astu023c\_g2d (3rd degree: area of study (major))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: astu023c\_g1o, astu023c\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

## 1.147 astu023d\_g1o (3rd degree: 1st minor)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: astu023d\_g2d, astu023d\_g3

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Course of Study

3rd Degree

## 1.152 astu023e\_g3 (3rd degree: subject group (2nd minor))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the areas of study. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

Derived variables: astu023e\_g1o, astu023e\_g2d

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

| Value                  | Label     | Frequency     | Percentage (valid) | Percentage |
|------------------------|-----------|---------------|--------------------|------------|
| <b>Valid responses</b> |           | 0             | 0                  | 0          |
| <b>Missing values</b>  |           |               |                    |            |
| -998                   | no answer | 10,165        | -                  | 100        |
| <b>Sum (total)</b>     |           | <b>10,165</b> | <b>-</b>           | <b>100</b> |

<sup>1</sup> More detailed information on the variable can be found at [https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu023e\\_g3](https://metadata.fdz.dzhw.eu/#!/en/variables/var-gra2005-ds1-astu023e_g3)

<sup>2</sup> More detailed information on the question can be found at <https://metadata.fdz.dzhw.eu/#!/en/questions/que-gra2005-ins1-1.2>

### 1.153 astu023f\_g1 (3rd degree: type of degree)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on the type of degree in coded form. The project's own code list was used (cf. cl-dzhw-2).

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Degree

3rd Degree

#### Frequencies

**1.154 astu023g\_g1a (3rd degree: university)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: not-accessible

Generation details: This variable contains the gathered open university responses in coded form. As code list for German universities the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-hochschule-2005). To the list were added special codes for German universities which were only contained in older key lists, or responses which could not be assigned. Moreover special codes for foreign universities were introduced.

Derived variables: astu023g\_g2, astu023g\_g3o, astu023g\_g4r, astu023g\_g5

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

Name and Location of University

3rd Degree

## 1.155 astu023g\_g2 (3rd degree: type of university)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used. Thereafter the universities in Germany are differentiated into 6 types:

universities

colleges of education

theological colleges/seminaries

art colleges

universities of applied sciences (not incl. technical universities of administration)

technical universities of administration

These types were aggregated again to the categories "university" and "university of applied sciences". The variable generated possesses the characteristics 1 "university" if dealing with a university, college of education, theological college/seminary or art college. It possesses the characteristics 2 "university of applied sciences" if dealing with a university of applied sciences or technical university of administration.

For universities whose type could not be defined (this applies to universities abroad and other German universities), the Missing Value -966 "non-determinable" was assigned.

Derived variables: astu023g\_g1a, astu023g\_g3o, astu023g\_g4r, astu023g\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

| Value                  | Label            | Frequency     | Percentage (valid) | Percentage  |
|------------------------|------------------|---------------|--------------------|-------------|
| <b>Valid responses</b> |                  |               |                    |             |

## 1.157 astu023g\_g4r (3rd degree: location of university (federal state))

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation by aggregation of the university variable. For aggregation the assignment of the Federal Statistical Office in Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-hochschule-2005) was used.

If no concrete university was stated, but only the information that it was a German university, the code 21 "Germany without further information" was assigned. Universities abroad received the code 22 "abroad".

Derived variables: astu023g\_g1a, astu023g\_g2, astu023g\_g3o, astu023g\_g5

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.2

Question text: Which academic degrees and examinations have you achieved?

### Frequencies

## 1.163 astu04 (study semester: total number)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ratio

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.4

Question text: For how many semesters - including examination semesters - did you study the subject you first graduated in?

Number of semesters:

### Frequencies

## 1.164 astu05a (interruption of studies: exmatriculation (number of semesters))

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.5

Question text: Did you interrupt your completed studies?

Yes, temporary exmatriculation for  
semester(s)

### Frequencies

| Value                  | Label               | Frequency     | Percentage (valid) | Percentage   |

## 1.167 astu05d (interruption of studies: none)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.5

Question text: Did you interrupt your completed studies?  
No

### Frequencies

## 1.170 astu061c\_g1 (study abroad: country)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open country responses in coded form. The project's own code list was used (cf. cl-dzhw-1).

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.6

Question text: Did you gain experience abroad during your studies?  
Country

## 1.180 astu064d\_g1r (other stays abroad: type)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open types of other stays abroad in coded form. Using the open responses (or based on lists already made from the answers of previous cohorts) a code list was created.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.6

Question text: Did you gain experience abroad during your studies?

Stay abroad

Yes, other, please specify:

## 1.185 astu08c (mandatory internships: practical semester)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.8

Question text: Were internships or practical semesters mandatory during your studies?  
Yes, practical semesters

### Frequencies

## 1.186 astu08d (mandatory internships: recognised)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.8

Question text: Were internships or practical semesters mandatory during your studies?  
An internship was mandatory but I was exempted (e.g. because my training experience was recognised)

### Frequencies

## 1.188 astu09a\_g1r (major: 1st specialisation)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on study specialisations in coded form. The project's own code list was used (cf. cl-dzhw-3). The responses were only coded for certain subjects in the area of study "economics and business":

- 184 Economics and Business Studies
- 021 Business Studies
- 167 European Business
- 182 International Business/Management
- 175 Economics

If the type of degree was "Magister" or a teaching profession degree in one of these subjects, the responses were not coded.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.9

Question text: What were your specialisations within your main subject?

1.

### Frequencies

| Value                  | Label   | Frequency | Percentage (valid) | Percentage |

## 1.190 astu09c (major: 2nd specialisation)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.9

Question text: What were your specialisations within your main subject?

No specialisations possible/ undertaken

### Frequencies

## 1.197 aocc02d (job: does not correspond to subject)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.12

Question text: Were your jobs or occupations thematically related to your course of studies or desired field of work?

I worked in jobs not directly related to my field of study

### Frequencies

## 1.204 astu11g (course of study: up-to-dateness of practical requirements)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.13

Question text: How do you assess the following aspects of your completed course of study?  
Up-to-dateness of practical requirements

### Frequencies

| Value                  | Label     | Frequency     | Percentage (valid) | Percentage   |
|------------------------|-----------|---------------|--------------------|--------------|
| <b>Valid responses</b> |           |               |                    |              |

## 1.232 astu12i (course: encouragement of active participation)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.14

Question text: For how many lectures during your studies are the following statements true?

At the teaching events I attended...

active participation of the students was encouraged

### Frequencies

| Value                  | Label        | Frequency     | Percentage (valid) | Percentage   |

## 1.239 astu13f (course of study: learning goals transparent)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.15

Question text: To what extent do the following statements apply to your completed course of study?  
The lectures' qualification and learning goals were transparent

### Frequencies

## 1.246 aski01d (important for career: foreign languages)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Panel Variables: bski01d\_v1, cski01d\_v1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Importance for professional activity

Foreign languages

## 1.252 aski01j (important for career: writing skills)

### Properties<sup>1</sup>

Data type: numeric  
 Scale level: ordinal  
 Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf  
 Panel Variables: bski01j\_v1, cski01j\_v1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17  
 Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?  
 Importance for professional activity  
 Written skills

## 1.258 aski01p (important for career: time management)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Panel Variables: bski01p\_v1, cski01p\_v1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Importance for professional activity  
Time management

### Frequencies

## 1.271 aski02e (present: communication skills)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Present with final degree

Ability to communicate

## 1.277 aski02k (present: oral articulateness)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Present with final degree

Oral Skills

### Frequencies

## 1.284 aski02r (present: interdisciplinary thinking)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Present with final degree

Interdisciplinary thinking

## 1.290 aski02x (present: analytical skills)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.17

Question text: How important are the following skills and competencies for your current (or future, if you are not working at the moment) professional activity (left column)? To what extent did you possess these skills and competencies when you graduated (right column)?

Present with final degree

Analytical skills

### 1.305 astu15b (value of degree: longer lasting learning)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 1.19

Question text: In retrospect, how do you perceive the value of your course of study?  
As an opportunity to educate myself over a longer period

#### Frequencies

| Value                  | Label                | Frequency     | Percentage (valid) | Percentage   |

### 1.317 afec021h\_g1o (1st further academic qualification: subject)

#### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | onsite-suf  |
| Generation details: | This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112). |
| Derived variables:  | afec021h_g2d, afec021h_g3   |

### 1.318 afec021h\_g2d (1st further academic qualification: area of study)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: afec021h\_g1o, afec021h\_g3

### 1.321 afec021k\_g1r (1st further academic qualification: country)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open country responses in coded form. Germany was given the code 19. For the coding of foreign country responses the project's own code list was used (cf. cl-dzhw-1).

Derived variables: afec021k\_g2

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 2.1

Question text: Please enter all further academic qualifications which you have begun, completed, discontinued (or intend to begin) in the following tableau!

### 1.330 afec022h\_g1o (2nd further academic qualification: subject)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: onsite-suf

Generation details: This variable contains the gathered open subject responses in coded form. As code list the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) was used (cf. cl-destatis-studienfach-2005). Additionally the subject codes 47 ("nursing training") and 112 ("social psychology") were considered because they were contained in the data. They are old codes which have not existed since the key list 2003/2004 (code 47) and key list 1997/1998 (code 112).

Derived variables: afec022h\_g2d, afec022h\_g3

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 2.1

Question text: Please enter all further academic qualifications which you have begun, completed, discontinued (or intend to begin) in the following tableau!  
Field of study/doctoral subject

### 1.331 afec022h\_g2d (2nd further academic qualification: area of study)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated by aggregation from the coded subject responses for the purposes of anonymisation. For aggregation the assignment of the Federal Statistical Office of Germany Key List of Student and Examination Statistics (Winter Semester 2004/05 and Summer Semester 2005) (cf. cl-destatis-studienfach-2005) was used.

For assignment of the older, not therein contained subject codes 47 ("nursing training" → STB: "social services") and 112 ("social psychology" → STB "psychology") the key list 2003/2004 (code 47) or the key list 1997/1998 (code 112) was used.

Derived variables: afec022h\_g1o, afec022h\_g3

### 1.343 afec03h (motivation for further acad. qualification: contact with university)

#### Properties<sup>1</sup>

Data type: numeric  
 Scale level: ordinal  
 Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf  
 Panel Variables: bfec03h\_v1

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 2.2  
 Question text: How important are/were the following motives for your further studies/PhD?  
 To maintain contact with my university

#### Frequencies

### 1.361 afec06h (experiences 2nd training phase: correspondence to goals)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 3.3

Question text: What experiences have you had (so far) during your training/internship?

Accordance between training goals and own goals

#### Frequencies

| Value                  | Label     | Frequency     | Percentage (valid) | Percentage   |

## 1.412 aocc11 (internship after degree)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Annotations: This variable also contains the category 3 "internship was during postgraduate studies" in addition to the categories "yes" and "no" planned for the questionnaire. Insofar as graduates have begun a further course of study and complete the internship in the context of these studies (this is above all the case with Bachelor graduates doing a Master's), then the "yes" response was marked and the new category 3 was assigned instead.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 4.10

Question text: Did you do an internship(s) after the first degree?

### Frequencies

| Value                  | Label                                      | Frequency     | Percentage (valid) | Percentage   |

## 1.425 aocc15h\_g1r (motivation for internship: other, namely)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open additional responses on other motivations for doing an internship (variable aocc15g), which could not be assigned to the given categories, in coded form. Using the open responses (or based on lists already made from the answers of previous cohorts) a code list was created.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 4.14

Question text: What motivated you to do an internship after graduating?  
Other, please specify

### 1.431 aocc17b (internship evaluation: adherence to internship plan)

#### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

#### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 4.16

Question text: How do you assess the internship(s) as a whole with respect to the following characteristics?  
Employer's adherence to the internship plan

#### Frequencies

| Value                  | Label     | Frequency     | Percentage (valid) | Percentage  |

## 1.454 aocc221j\_g1r (1st occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc221j_g2d, aocc221j_g3   |
| Panel Variables:    | bocc221j_g1v1r, cocc221j_g1v1r  |

### Question<sup>2</sup>

|                  |  |
|------------------|--|
| Question number: | Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.2  |
| Question text:   | In the following we ask you to provide a description of your occupational activities since graduation.<br>Work location<br>Federal state or country (if abroad): |

## 1.458 aocc221k\_g1d (1st occupation: location of work (NUTS-2))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | string  |
| Scale level:        | nominal   |
| Access ways:        | download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned. |
| Derived variables:  | aocc221k_o  |

## 1.467 aocc222i (2nd occupation: job position)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Panel Variables: bocc222i\_v1, cocc222i\_v1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.2

Question text: In the following we ask you to provide a description of your occupational activities since graduation.

Professional position

## 1.468 aocc222j\_g1r (2nd occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc222j_g2d, aocc222j_g3   |
| Panel Variables:    | bocc222j_g1v1r, cocc222j_g1v1r  |

**1.472 aocc222k\_g1d (2nd occupation: location of work (NUTS-2))****Properties<sup>1</sup>**

Data type: string

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned.

Derived variables: aocc222k\_o

Panel Variables: bocc222k\_g1v1d, cocc222k\_g1v2d

## 1.482 aocc223j\_g1r (3rd occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc223j_g2d, aocc223j_g3   |
| Panel Variables:    | bocc223j_g1v1r, cocc223j_g1v1r  |

### Question<sup>2</sup>

|                  |  |
|------------------|--|
| Question number: | Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.2  |
| Question text:   | In the following we ask you to provide a description of your occupational activities since graduation.<br>Work location<br>Federal state or country (if abroad): |

## 1.486 aocc223k\_g1d (3rd occupation: location of work (NUTS-2))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | string  |
| Scale level:        | nominal   |
| Access ways:        | download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned. |
| Derived variables:  | aocc223k_o  |

## 1.496 aocc224j\_g1r (4th occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc224j_g2d, aocc224j_g3   |
| Panel Variables:    | bocc224j_g1v1r, cocc224j_g1v1r  |

## 1.500 aocc224k\_g1d (4th occupation: location of work (NUTS-2))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | string  |
| Scale level:        | nominal   |
| Access ways:        | download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned. |
| Derived variables:  | aocc224k_o  |
| Panel Variables:    | bocc224k_g1v1d, cocc224k_g1v2d  |

## 1.510 aocc225j\_g1r (5th occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc225j_g2d, aocc225j_g3   |
| Panel Variables:    | bocc225j_g1v1r, cocc225j_g1v1r  |

## 1.514 aocc225k\_g1d (5th occupation: location of work (NUTS-2))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | string  |
| Scale level:        | nominal   |
| Access ways:        | download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned. |
| Derived variables:  | aocc225k_o  |

## 1.524 aocc226j\_g1r (6th occupation: location of work (federal state/country))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | numeric   |
| Scale level:        | nominal   |
| Access ways:        | remote-desktop-suf, onsite-suf  |
| Generation details: | This variable contains the gathered open responses on federal state resp. country (for abroad) where the employment is located in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1). |
| Derived variables:  | aocc226j_g2d, aocc226j_g3   |
| Panel Variables:    | bocc226j_g1v1r, cocc226j_g1v1r  |

### Question<sup>2</sup>

## 1.528 aocc226k\_g1d (6th occupation: location of work (NUTS-2))

### Properties<sup>1</sup>

|                     |   |
|---------------------|---|
| Data type:          | string  |
| Scale level:        | nominal   |
| Access ways:        | download-suf, remote-desktop-suf, onsite-suf  |
| Generation details: | This variable was generated for the purposes of anonymisation from the employment location (gathered as 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned. |
| Derived variables:  | aocc226k_o  |

## 1.572 aocc232v\_g1r (last job found: other, namely)

### Properties<sup>1</sup>

|                     |  |
|---------------------|--|
| Data type:          | numeric  |
| Scale level:        | nominal  |
| Access ways:        | remote-desktop-suf, onsite-suf   |
| Generation details: | This variable contains the gathered open additional responses on other ways of finding a job with reference to the current position (Variable aocc232u), which could not be assigned to the given categories, in coded form. Using the open responses (or based on lists already made from the answers of previous cohorts) a code list was created. |
| Panel Variables:    | bocc232v_g1v1r   |

### Question<sup>2</sup>

|                  |  |
|------------------|--|
| Question number: | Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.3                                      |
| Question text:   | How did you find your first and current job respectively?<br>Other, please specify:<br>last position |

## 1.586 aocc261b\_g1r (1st job: company form)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open additional responses on the characteristics 8 "Other, brief description" of the Variable aocc261a (company size of first job position) in coded form. Using the open responses (or based on lists already made from the answers of previous cohorts) a code list was created.

Note: as a rule the open answers were assigned to the given categories on company size. They were only coded separately if instead of company size the company form was stated.

## 1.617 aocc33b (contentment with occupation: job position)

### Properties<sup>1</sup>

Data type: numeric  
 Scale level: ordinal  
 Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf  
 Panel Variables: bocc33b\_v1, cocc33b\_v1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.13  
 Question text: How satisfied are you with your current (or last) occupation?  
 Job position

### Frequencies

| Value                  | Label            | Frequency     | Percentage (valid) | Percentage   |
|------------------------|------------------|---------------|--------------------|--------------|
| <b>Valid responses</b> |                  |               |                    |              |
| 1                      | To a high degree | 1,723         | 20.18              | 16.95        |

## 1.636 aocc34h (in retrospect: choose same type of degree)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ordinal

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 5.14

Question text: From today's perspective, which choices would you make with regard to your professional career?

Obtain the same degree (e.g. graduate diploma university of applied sciences, master's degree etc.)

### Frequencies

## 1.640 adem01b\_g1r (other higher education entrance qualification)

### Properties<sup>1</sup>

Data type: numeric  
 Scale level: nominal  
 Access ways: remote-desktop-suf, onsite-suf  
 Generation details: The open answers were assigned to the given higher education entrance qualification (adem01a) categories during the coding. Thus this variable only contains Missings.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.1  
 Question text: Which higher education entrance qualification did you begin your (first) degree with?  
 Please specify:

## 1.642 adem02b\_g1r (higher education entrance qualification: other course of study)

### Properties<sup>1</sup>

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the open additional responses on the characteristics 7 “Other course of education, brief description” of the Variable adem02a (course of education to gain higher education entrance qualification), which could not be assigned to the given categories, in coded form. Using the open responses (or based on lists already made from the answers of previous cohorts) a code list was created.

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.2

Question text: How did you attain your higher education entrance qualification?  
Please specify:

**1.645 adem05a\_g1r (higher education entrance qualification: federal state/country)****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: remote-desktop-suf, onsite-suf

Generation details: This variable contains the gathered open responses on federal state or country (for abroad) where the higher education entrance qualification was gained in coded form. For the coding of the federal states the Federal Statistical Office of Germany key of federal states (cf. cl-destatis-bundesland-1990) according to the Official Municipality Code (AGS) (with supplements, if not assignable) was used. The countries (for abroad) were coded using the project's own code list (cf. cl-dzhw-1).

Derived variables: adem05a\_g2d, adem05a\_g3

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.5

Question text: Where and in which federal state or country did you gain your higher education entrance qualification?

Federal state/country

**Frequencies**

**1.649 adem05b\_g1d (higher education entrance qualification: NUTS-2)****Properties<sup>1</sup>**

Data type: string

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generated for the purposes of anonymisation from the location where the higher education entrance qualification was gained (represented by 3 digit postcode). For aggregation the NUTS classification of the Statistical Office of the European Union (Eurostat) from 2010 was used (cf. cl-eurostat-nuts-2010). The assignment of the 3 digit postcodes to the NUTS-2-Regions was made using a self-generated list (cf. cl-dzhw-5). If the 3 digit postcode could not be unambiguously assigned to a NUTS-2-Region, the Missing Value "-966 non-determinable" was assigned.

Derived variables: adem05b\_o

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.5

Question text: Where and in which federal state or country did you gain your higher education entrance qualification?

**1.651 aocc35b\_g1d (vocational training: German Classification of Occupation 1992 (3 digit))****Properties<sup>1</sup>**

Data type: numeric

Scale level: nominal

Access ways: download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable contains the open responses gathered on vocational training in coded form. As code list the Federal Statistical Office of Germany key list for the "German Classification of Occupations (KldB)" from 1992 (cf. cl-destatis-kldb-1992) was used and the responses were coded using three digits.

Derived variables: aocc35b\_g2

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.6

Question text: Did you complete a vocational training before beginning your studies?  
If yes, which vocational training did you complete?

**Frequencies**

**1.666 adem113b (3rd child: date of birth (year))****Properties<sup>1</sup>**

Data type: numeric

Scale level: interval

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Annotations: If the surveyed persons stated that they have more than three children, the dates of birth of the eldest and youngest child were retained. Answers on the middle children were deleted and replaced by the responses on the youngest and eldest child.

Panel Variables: bdem113b, cdem113b

**Question<sup>2</sup>**

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.13

Question text: When were your children born?

3rd child

Month

## 1.667 adem11\_g1 (number of children)

### Properties<sup>1</sup>

Data type: numeric

Scale level: ratio

Access ways: download-cuf, download-suf, remote-desktop-suf, onsite-suf

Generation details: This variable was generally constructed from the stated dates of birth of the children. The number of children does not however always correspond to the stated sum of children (dates of birth), because with more than three stated children the responses on the middle children were deleted and replaced by the responses on the youngest and eldest child.

Panel Variables: bdem11\_g1

### Question<sup>2</sup>

Question number: Questionnaire of the DZHW Graduate Panel 2005 (first wave): 6.13

Question text: When were your children born?
