Citation and Reuse

Please cite this questionnaire or specific questions from it according to the general citation guideline.

When reproducing the complete text of a question, for example within an article or when reusing the question for own research projects or questionnaires, it should be noted that there may be further conditions of use for questions already used secondarily within Nacaps (cf. the documentation in the data and methods report). It is recommended to check the sources to determine whether and, if so, under what conditions reproduction or reuse is possible.

Reading aid

This document contains the corresponding screenshot for each page in the online questionnaire and, if available, the corresponding variables in the published dataset (including variable labels and access ways). All variables without page assignment are listed at the beginning.

Please note that the screenshots are static representations of a dynamically designed online questionnaire. As a result, …

- when information from previous questions or preload information (i.e., information from previous survey waves that was imported into the survey) is dynamically displayed within question, item, or response category texts, there are gaps in the text in the screenshot, such as on page A01, where the last survey date (preload information) was displayed after 'At the last survey in'

- all text elements on a page are included in a screenshot, even if they were only displayed under certain conditions. The display conditions themselves are not apparent from the screenshots. Examples of conditional text displays include different wordings of questions, items, or response categories depending on how a previous question was answered (e.g., regarding status of the doctorate) or what is contained in preload information. This also includes different scale displays (horizontal vs. vertical) depending on the screen size of the device used, or warnings that were only displayed when answers were missing on pages with mandatory answers.

- the response categories contained in drop-down menus are not visible in the screenshots.

It should also be noted that the page numbering is based on the programming of the online questionnaire and that any gaps in the numbering may have been carried over.

Welcome to the doctoral candidates and doctorate holders survey „Nacaps"!

Für eine deutsche Version der Umfrage klicken Sie bitte auf die Flagge im Header!

Depending on your personal life situation the survey will take about 30 to 35 minutes. You can also complete the survey on your smartphone but answering on a larger screen is easier and faster. You can interrupt the survey at any time and continue at a later moment. Once you have answered all the questions, you will have the opportunity to participate in the announced raffle.

We already thank you for participating in the survey at this point!

Dr. Kolja Briedis and Dr. Sarah Widany

Notes on data protection [Download PDF]

Your participation is voluntary, of course. Your information will be used for research and evaluation purposes. All Nacaps data will be published and made available to other scientists anonymously only. Your contact details will always be processed and stored separately from the survey data. Under no circumstances will your contact information be shared with third parties.

☐ Yes, I have read the data privacy statement (see linked PDF document) and I agree with it.

Contact

Bei **If you have questions about data privacy, please contact the data protection officer of the DZHW, Mr Martin Fuchs: Tel.: +49 511 450670-491; E-Mail : datenschutz@dzhw.eu. Further information about data protection at the DZHW can also be found here.**

For all other questions and comments we are at your disposal:

You can reach the project staff member, Ms Carola Teichmann, via phone at +49 511 450670-146, and the project manager, Dr. Kolja Briedis, at +49 511 450670-132. They can also be reached via e-mail at nacaps@dzhw.eu.

Please note that if you do not consent to the data protection conditions it will unfortunately not be possible for you to participate in the Nacaps survey.

Variables in the dataset:

A01

The survey is structured into four topics represented by the letters A to D.

At the last survey in you were officially registered as a doctoral candidate at your university. Something could have changed in the meantime. Please indicate your current status.

Your PhD/doctorate is regarded as completed when you have successfully passed the final examination (usually: disputation or viva voce).

○ I am doing a Phd/doctorate.

○ I have submitted my thesis, respectively all relevant papers, for examination.

○ I have completed the PhD/doctorate.

○ I have interrupted my PhD/doctoral project.

○ I have quit my PhD/doctoral project.

This question is important for the further procedure of the survey. If you do not give a specification, you will receive questions which do not apply to your current situation. Therefore, please answer this question to be able to proceed further.

We would like to ask you some questions on health and possible impairments. This information provides important indicators on the distribution of health restrictions amongst doctoral candidates. The data also provide indications as to how conditions can be improved for doctoral candidates with health issues.

If you are willing to answer the following questions on health and impairment, you are of course still free not to answer single questions.

○ Yes, I want to answer the questions on health and impairment.

○ No, I do not want to answer the questions on health and impairment.

We are constantly striving to improve our surveys. Are there topics that are directly related to your PhD/doctorate but have not been covered here? What did you miss? What else would you like to note?

Please note that due to data protection regulations we cannot answer your responses personally. For this reason, please also do not enter your telephone number or other contact details in this field. If you have any questions, please feel free to contact our staff member, Ms Carola Teichmann, at +49 511 450670-146 or via email at nacaps@dzhw.eu.
