Notes

The screenshots shown below do not contain any information on the dynamics of the questionnaire (e.g. filter procedures, fade-in conditions, drop-down lists, randomisation of items or plausibility checks).

However, particularly relevant information on the dynamics was also documented:

- If there were different fade-in conditions for question texts or answer categories, all variants were integrated in one screenshot and the fade-in conditions were explained via an annotation to the respective page/question.
- Drop-down lists are attached. Each annotation to the respective page/question contains a reference to this list.
- The filter procedure can be found in the question flow diagram stored in a separate document.

The flag on each questionnaire page allowed for switching from the English to the German questionnaire.

Welcome to the 21st Social Survey of the Deutsches Studentenwerk (German National Association of Student Services Organizations), conducted by the German Centre for Research on Higher Education and Social Studies (DZHW).

We are glad that you would like to answer a number of questions on your economic and social situation. In doing so, you are taking part in the oldest study of its kind - a unique time-series analysis focusing on students and conducted once every three years. The findings from the past 65 years of the Social Survey illustrate the exciting changing developments in students' studies and living situations. The information gathered is used to improve educational and social policies for students.

You will find comprehensive information on the survey on the project website: www.sozialerhebung.de

We kindly ask that you respond to as many questions as possible. If there are individual questions that you cannot answer, please proceed to the next question.

It will take approx. 30 minutes to answer the questions in the survey. Should you decide to interrupt the survey, you may resume at any time by logging on again later with your password.

All survey participants have the chance to win one of five top-quality tablets.

If you have any questions concerning the survey, please do not hesitate to contact the following members of the Social Survey team:

Beate Apolinarski

phone: +49 (0)511/450 670-166

email: apolinarski@dzhw.eu

Karsten Becker

phone: +49 (0)511/450 670-140

email: becker@dzhw.eu

Thank you very much & enjoy the survey!
